

**VOLUNTARY REMEDIATION PROGRAM  
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

**PROJECT SUMMARY**

<b>Site Name:</b>	Russow Estate
<b>Applicant's Name:</b>	Estate of William H. Russow
<b>Site Location:</b>	700 North Norway Road Monticello White County
<b>VRP Site Number:</b>	6970210
<b>Project Manager:</b>	Carla Gill
<b>Date Application Received:</b>	February, 1997
<b>Date Project Completed:</b>	March, 1998
<b>Project Duration:</b>	1 year, 1 month
<b>Contaminant Group(s):</b>	Lead
<b>Media Cleaned Up:</b>	Soil
<b>Cleanup Goals Achieved:</b>	Tier II Residential
<b>Deed/Land Use Restrictions:</b>	Not Applicable

**Project Description:** The Estate of William H. Russow includes property that was used as a residence and farm. The portion of the farm remediated through the Voluntary Remediation Program was used historically as an agricultural waste dump. Soil in the waste dump area was contaminated by lead-based batteries and leaded gasoline used in vehicles and farm implements.

The remediation conducted at Russow Estate's dump consisted of the excavation and off-site disposal of lead contaminated soil. VRP staff and representatives of the Russow Estate collected soil samples after the remediation which confirmed that residential lead levels of 400 ppm were achieved.
